

Since 2011, **Thrive International Programs** has served immigrants in our region. We invite you to partner with us in building stronger communities. **Through the meal sponsorship program**, businesses can help bring our monthly takeout meal to the wider Williamsport community, extending our reach and expanding culture. Our *Comfort Food Around the World Takeout Meals* are held on the 3rd Wednesday of each month and provide financial support for our mission. Monthly, these meals reach more than 120 individuals.

We actively believe immigrants' full participation in our community brings about mutual thriving.

Through our work, people from diverse cultures integrate and serve their new community: developing greater language proficiency, achieving stable living and employment, and securing the peace of mind as they become neighbors and friends. We have assisted hundreds of families with immigration legal services and English as a second language (ESL) classes. In an unstable landscape, this work is needed greatly; your partnership guarantees our region will grow stronger, and our neighbors closer.

The monthly takeout meals are one of the best ways we can raise awareness in our community while raising the needed funds for our work. We rely on business partners to make these meals viable and effective.
